

port power are the best club in the AFL

I believe that port power are the best club in the AFL.  
by tyler

Firstly port power are a great football team so there goals and tackles and marks and they have very good players. Charly dixon has got lots of goals william drew has got lots of tackles Allix allix has got good marks.  
ts

Secondly port power have won lots of games they are very skilled. They have players like Ollie wise raves back Charly Dixon and allix allix that are so good and the mid season draft prynn teakle but he broke his collar bone won be in for a while.

Thirdly I think that you won't be sad about them getting played because they don't get played, if you have a team like North Melbourne Adelaide or St Kildaer you wouldn't want a team like that.  
I think port will make the top 8 if we can win more games.  
hope port will win the grand finale. go port power.
